

Heat Shrinkage Tester

HST Series Heat Shrinkage Tester is for testing the heating shrinkage of packaging films submerged in liquid in different temperatures.

Features

- ◆ Liquid tank and cover made of aluminum alloy .
- ◆ Quick heating, Warm keeping.
- ◆ Omron Digital Temp Controller
- ◆ Omron Digital Timer

Specifications

Temperature range	Room temperature to 250°C
Temperature precision	±0.2°C
Sample size	140x140 mm
Time range	0.01s~99.99h
Liquid medium	Glycerin
Power	1500W
Standards	This instrument is up to standards of ASTM D2732
Instrument size	32x40x22cm

Configuration
